Pidilite East Africa Limited

Annual Report And Financial Statements for the year ended 31 March 2022

Directors' Report

The directors submit their report together with the audited annual report and financial statements for the year ended 31 March 2022.

1. Principal activities

The principal activity of the company is manufacture and trading of wide range of water proofing solutions. The company operates principally in Kenya.

There have been no material changes to the nature of the company's business from the prior year.

2. Business review of financial results and activities

The annual report and financial statements have been prepared in accordance with International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the Kenyan Companies Act, 2015. The accounting policies have been applied consistently compared to the prior year.

The company recorded a profit after tax for the year ended 31 March 2022 of Ksh 1,484,800. This represented an increase of 106.27% from the loss after tax of the prior year of Ksh (23,669,502).

Company revenue increased by 253.30% from Ksh 109,239,941 in the prior year to Ksh 385,947,030 for the year ended 31 March 2022.

Company cash flows from operating activities increased by 60.59% from Ksh (100,284,123) in the prior year to Ksh (39,518,342) for the year ended 31 March 2022.

Economic factors

Opportunities in that the manufacturing segment has not yet recorded 100% capacity and and the infrastructure has been pushed systematically informed by increasing demand.

The pandemic background has been a constant threat to business operations. Cumulatively no effect of the pandemic has hit the business operation as hard as inflation has.

The pandemic has first of all disrupted the global supply chain and destabilized the exchange rate. The former means raw material has significantly become scarce in the market the scarcity has led to skyrocketing prices and inconsistent lead time.

The scarcity has quickly turned to total shut down of some supply chains meaning huge cost of inputs and distracted production.

The ripple effect of this has been the need of the company to accordingly adjust prices to compensate for the new production challenges which has consequently disrupted sales.

The industry in which Pidilite East Africa Limited (PEAL) operates has continued to see stiff competition the competitive edge by some of our main competitors being access to strategic raw material in the overseas markets at stable rates has meant that they exploit on our new huge prices to expand territory.

Inflation has also thinned the working capital availability for PEAL in the RM/PM purchasing perspective. No impact has been as great as the bloated repayment period over which our dealers have sought as cushion for the pandemic increasing Daily Sales Outstanding by almost 30 additional working days. This means instead of leveraging on cheap financing of business returns the company goes for expensive financing.

Future prospects

None of the current challenges will fortunately translate to pitfalls and the company is optimistic of a successful future. Acquisition of new infrastructure means doubled or tripled output in future also the pandemic situation will serve greater lessons especially in building buffer material stock to cushion from inflationary effects.

Also, the commercialization of infrastructure deployed at plant has given greater insights of how much capacity actually exists to explore enabling much more strategic planning in future.

Pidilite East Africa Limited

Annual Report And Financial Statements for the year ended 31 March 2022

Directors' Report

3. Share capital

Refer to note 15 of the annual report and financial statements for detail of the movement in authorised and issued share capital.

4. Dividends

The board of directors does not recommend the declaration of a dividend for the year (2021: Nil).

5. Directors

The directors in office at the date of this report are as follows:

Prabhakar Jain
Rakesh Kumar Rao
Rajesh Kumar Reddy Cheemarla
Amit Kiritkumar Patel
Hussein Haiderali Ramji Jivraj
Hasit Mahendra Patel
Naresh Sundardas Dhanwani

There have been no changes to the directorate for the year under review.

6. Events after the reporting period

The directors are not aware of any material event which occurred after the reporting date and up to the date of this report.

7. Statement of disclosure to the company's auditor

With respect to each person who is a director on the day that this report is approved:

- there is, so far as the person is aware, no relevant audit information of which the company's auditor are unaware; and
- the person has taken all the steps that he or she ought to have taken as a director to be aware of any relevant audit information and to establish that the company's auditor are aware of that information.

8. Terms of appointment of the auditor

Grant Thornton continues in office in accordance with the company's Articles of Association and Section 719 of the Kenyan Companies Act, 2015. The directors monitor the effectiveness, objectivity and independence of the auditor. The directors also approve the annual audit engagement contract which sets out the terms of the auditor's appointment and the related fees.

9. Approval of annual report and financial statements

The annual report and financial statements set out on pages 8 to 21, which have been prepared on the going concern basis, were approved by the board of directors on 17 May 2022, and were signed on its behalf by:

Rakesh Kumar Rao
(Director)

Pidilite East Africa Limited

Annual Report And Financial Statements for the year ended 31 March 2022

Statement of Directors' Responsibilities

The Kenyan Companies Act, 2015 requires the directors to prepare annual report and financial statements for each financial year that give a true and fair view of the financial position of the company as at the end of the financial year and of its profit or loss for that year. It also requires the directors to ensure that the company maintains proper accounting records that are sufficient to show and explain the transactions of the company and disclose, with reasonable accuracy, the financial position of the company. The directors are also responsible for safeguarding the assets of the company, and for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors accept responsibility for the preparation and presentation of these annual report and financial statements in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and in the manner required by the Kenyan Companies Act, 2015. They also accept responsibility for:

- designing, implementing and maintaining such internal controls as they determine necessary to enable the presentation of annual report and financial statements that are free of material misstatement, whether due to fraud or error;
- selecting suitable accounting policies and applying them consistently; and
- making accounting estimates and judgements that are reasonable in the circumstances.

Having made an assessment of the company's ability to continue as a going concern, the directors are not aware of any material uncertainties related to events or conditions that may cast doubt upon the company's ability to continue as a going concern.

The directors acknowledge that the independent audit of the annual report and financial statements does not relieve them of their responsibilities.

The annual report and financial statements set out on pages 8 to 21, which have been prepared on the going concern basis, were approved by the board of directors on 17 May 2022 and were signed on its behalf by:

Rakesh Kumar Rao
(Director)

Rajesh Kumar Reddy Cheemarla

Independent Auditor's Report

To the Shareholder of Pidilite East Africa Limited

Report on the Audit of the Annual Report And Financial Statements

Opinion

We have audited the annual report and financial statements of Pidilite East Africa Limited (the company) set out on pages 8 to 21, which comprise the statement of financial position as at 31 March 2022, statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and the notes to the annual report and financial statements, including a summary of significant accounting policies.

In our opinion, the annual report and financial statements present fairly, in all material respects, the financial position of Pidilite East Africa Limited as at 31 March 2022, and its financial performance and cash flows for the year then ended in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the Kenyan Companies Act, 2015.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Annual Report And Financial Statements section of our report. We are independent of the company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) and other independence requirements applicable to performing audits of Auditor's Responsibilities for the Audit of the Annual Report And Financial Statements in Kenya. We have fulfilled our other ethical responsibilities in accordance with the IESBA Code and in accordance with other ethical requirements applicable to performing audits in Kenya. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the document titled "Pidilite East Africa Limited annual report and financial statements for the year ended 31 March 2022", which includes the Directors' Report as required by the Kenyan Companies Act, 2015, which we obtained prior to the date of this report. The other information does not include the annual report and financial statements and our auditor's report thereon.

Our opinion on the annual report and financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the annual report and financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the annual report and financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors and Those charged with Governance for the Annual Report And Financial Statements

The directors are responsible for the preparation and fair presentation of the annual report and financial statements in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the Kenyan Companies Act, 2015, and for such internal control as the directors determine is necessary to enable the preparation of annual report and financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the annual report and financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the company's financial reporting process.

Independent Auditor's Report

Auditor's Responsibilities for the Audit of the Annual Report And Financial Statements

Our objectives are to obtain reasonable assurance about whether the annual report and financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual report and financial statements.

As part of an audit in accordance with International Standards on Auditing, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

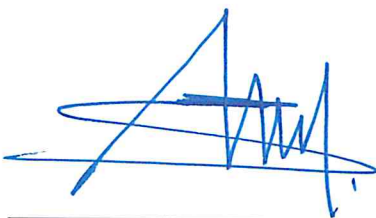

- Identify and assess the risks of material misstatement of the annual report and financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the annual report and financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual report and financial statements, including the disclosures, and whether the annual report and financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In our opinion the information given in the report of the directors on page 3 - 4 is consistent with the Annual Report And Financial Statements.

The engagement partner responsible for the audit resulting in this independent auditor's report was CPA Alfred Siele, Practicing Certificate No. 1690.

Pidilite East Africa Limited

Annual Report And Financial Statements for the year ended 31 March 2022

Significant Accounting Policies

1. Basis of preparation and summary of significant accounting policies

The annual report and financial statements have been prepared on a going concern basis in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities, and the Kenyan Companies Act, 2015. For Kenyan Companies Act, 2015 reporting purposes in these financial statements, the balance sheet is represented by the statement of financial position and the profit and loss account is represented by the statement of profit or loss and other comprehensive income.

The annual report and financial statements have been prepared on the historical cost basis, and incorporate the principal accounting policies set out below. They are presented in Kenyan Shillings and rounded off to the nearest Shilling.

These accounting policies are consistent with the previous period.

1.1 Significant judgements and sources of estimation uncertainty

Critical judgements in applying accounting policies

Management are required to make critical judgements in applying accounting policies from time to time. The judgements, apart from those involving estimations, that have the most significant effect on the amounts recognised in the annual report and financial statements, are outlined as follows:

Lease classification

The company is party to leasing arrangements as a lessee. The treatment of leasing transactions in the annual report and financial statements is mainly determined by whether the lease is considered to be an operating lease or a finance lease. In making this assessment, management considers the substance of the lease, as well as the legal form, and makes a judgement about whether substantially all of the risks and rewards of ownership are transferred.

Key sources of estimation uncertainty

Useful lives of plant and equipment

The company reviews the estimated useful lives of plant and equipment when changing circumstances indicate that they may have changed since the most recent reporting date.

Allowance for slow moving, damaged and obsolete inventory

Management assesses whether inventory is impaired by comparing its cost to its estimated selling price less costs to complete and sell. Where an impairment is necessary, inventory items are written down to selling price less costs to complete and sell. The write down is included in cost of sales, note 3.

Impairment testing

The company reviews and tests the carrying value of plant and equipment and intangible assets when events or changes in circumstances suggest that the carrying amount may not be recoverable. When such indicators exist, management determine the recoverable amount by performing value in use and fair value calculations. These calculations require the use of estimates and assumptions. When it is not possible to determine the recoverable amount for an individual asset, management assesses the recoverable amount for the cash generating unit to which the asset belongs.

Provisions

Provisions are inherently based on assumptions and estimates using the best information available.

1.2 Plant and equipment

Plant and equipment are tangible assets which the company holds for its own use and which are expected to be used for more than one period.

Plant and equipment is initially measured at cost.

Cost includes costs incurred initially to acquire or construct an item of plant and equipment and costs incurred subsequently to add to, replace part of, or service it. If a replacement cost is recognised in the carrying amount of an item of plant and equipment, the carrying amount of the replaced part is derecognised.

Pidilite East Africa Limited

Annual Report And Financial Statements for the year ended 31 March 2022

Significant Accounting Policies

1.2 Plant and equipment (continued)

Expenditure incurred subsequently for major services, additions to or replacements of parts of plant and equipment are capitalised if it is probable that future economic benefits associated with the expenditure will flow to the company and the cost can be measured reliably. Day to day servicing costs are included in profit or loss in the period in which they are incurred.

Plant and equipment is subsequently stated at cost less accumulated depreciation and any accumulated impairment losses, except for land which is stated at cost less any accumulated impairment losses.

Depreciation of an asset commences when the asset is available for use as intended by management. Depreciation is charged to write off the asset's carrying amount over its estimated useful life to its estimated residual value, using a method that best reflects the pattern in which the asset's economic benefits are consumed by the company.

The useful lives of items of plant and equipment have been assessed as follows:

Item	Depreciation method	Rate per annum (%)
Plant and machinery	Straight line	12.5 and 37.5
Furniture and fixtures	Straight line	12.5
Motor vehicles	Straight line	25 and 37.5
Office equipment	Straight line	12.5
IT equipment	Straight line	30
Loose tools	Straight line	33.3
Cylinders - printing	Straight line	30

When indicators are present that the useful lives and residual values of items of plant and equipment have changed since the most recent annual reporting date, they are reassessed. Any changes are accounted for prospectively as a change in accounting estimate.

1.3 Financial instruments

Initial measurement

Financial instruments are initially measured at the transaction price (including transaction costs except in the initial measurement of financial assets and liabilities that are measured at fair value through profit or loss) unless the arrangement constitutes, in effect, a financing transaction in which case it is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial instruments at amortised cost

These include loans, trade receivables and trade payables. Those debt instruments which meet the criteria in section 11.8(b) of the standard, are subsequently measured at amortised cost using the effective interest method. Debt instruments which are classified as current assets or current liabilities are measured at the undiscounted amount of the cash expected to be received or paid, unless the arrangement effectively constitutes a financing transaction.

At each reporting date, the carrying amounts of assets held in this category are reviewed to determine whether there is any objective evidence of impairment. If there is objective evidence, the recoverable amount is estimated and compared with the carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in profit or loss.

1.4 Tax

Current tax assets and liabilities

Current tax for current and prior periods is, to the extent unpaid, recognised as a liability. If the amount already paid in respect of current and prior periods exceeds the amount due for those periods, the excess is recognised as an asset.

The tax liability reflects the effect of the possible outcomes of a review by the tax authorities.

Pidilite East Africa Limited

Annual Report And Financial Statements for the year ended 31 March 2022

Significant Accounting Policies

1.4 Tax (continued)

Deferred tax assets and liabilities

A deferred tax liability is recognised for all taxable temporary differences.

A deferred tax asset is recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised.

Deferred tax asset is recognised for the carry forward of unused tax losses to the extent that it is probable that future taxable profit will be available against which the unused tax losses can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Tax expenses

Tax expense is recognised in the same component of total comprehensive income or equity as the transaction or other event that resulted in the tax expense.

1.5 Leases

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership to the lessee. All other leases are operating leases.

Operating leases – lessee

Operating lease payments are recognised as an expense on a straight-line basis over the lease term unless:

- another systematic basis is representative of the time pattern of the benefit from the leased asset, even if the payments are not on that basis, or
- the payments are structured to increase in line with expected general inflation (based on published indexes or statistics) to compensate for the lessor's expected inflationary cost increases.

Any contingent rents are expensed in the period they are incurred.

1.6 Inventories

Inventories are measured at the lower of cost and estimated selling price less costs to complete and sell, on the first-in, first-out (FIFO) basis.

1.7 Impairment of assets

The company assesses at each reporting date whether there is any indication that plant and equipment may be impaired.

If there is any such indication, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in profit or loss.

If an impairment loss subsequently reverses, the carrying amount of the asset (or group of related assets) is increased to the revised estimate of its recoverable amount, but not in excess of the amount that would have been determined had no impairment loss been recognised for the asset (or group of assets) in prior years. A reversal of impairment is recognised immediately in profit or loss.

1.8 Share capital and equity

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Ordinary shares are recognised at par value and classified as 'share capital' in equity. Any amounts received from the issue of shares in excess of par value is classified as 'share premium' in equity. Dividends are recognised as a liability in the period in which they are declared.

Pidilite East Africa Limited

Annual Report And Financial Statements for the year ended 31 March 2022

Significant Accounting Policies

1.9 Employee benefits

Short-term employee benefits

The cost of short-term employee benefits, (those payable within 12 months after the service is rendered, such as leave pay and sick leave, bonuses, and non-monetary benefits such as medical care), are recognised in the period in which the service is rendered and are not discounted.

Defined contribution plans

Payments to defined contribution retirement benefit plans are charged as an expense as they fall due.

The company and its employees also contribute to the National Social Security Fund (NSSF), a national defined contribution scheme. Contributions are determined by local stature and the company's contributions are charged to the statement of profit or loss and other comprehensive income in the year they fall due.

1.10 Provisions and contingencies

Provisions are recognised when the company has an obligation at the reporting date as a result of a past event; it is probable that the company will be required to transfer economic benefits in settlement; and the amount of the obligation can be estimated reliably.

Provisions are measured at the present value of the amount expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to the passage of time is recognised as interest expense.

Provisions are not recognised for future operating losses.

1.11 Revenue

Revenue is recognised to the extent that the company has transferred the significant risks and rewards of ownership of goods to the buyer, or has rendered services under an agreement provided the amount of revenue can be measured reliably and it is probable that economic benefits associated with the transaction will flow to the company. Revenue is measured at the fair value of the consideration received or receivable, excluding sales taxes and discounts.

Interest is recognised, in profit or loss, using the effective interest rate method.

1.12 Foreign exchange

Foreign currency transactions

Exchange differences arising on monetary items are recognised in profit or loss in the period in which they arise.

All transactions in foreign currencies are initially recorded in Shillings, using the spot rate at the date of the transaction. Foreign currency monetary items at the reporting date are translated using the closing rate. All exchange differences arising on settlement or translation are recognised in profit or loss.

Pidilite East Africa Limited

Annual Report And Financial Statements for the year ended 31 March 2022

Notes to the Annual Report And Financial Statements

Figures in Shillings	2022	2021
