DIRECTORS' STATEMENT

For the financial year ended 31 March 2026

The directors are pleased to present their statement to the member together with the audited financial statements of Pidilite Innovation Centre Pte. Ltd. (the "Company") for the financial year ended 31 March 2026.

1 OPINION OF THE DIRECTORS

In the opinion of the directors,

- (i) the financial statements of the Company are drawn up so as to give a true and fair view of the financial position of the Company as at 31 March 2026 and the financial performance, changes in equity and cash flows of the Company for the financial year then ended; and
- (ii) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

2 DIRECTORS

The directors of the Company in office at the date of this statement are:

Dien Pandiman
Sanjay Bahadur
Shanker Iyer

3 ARRANGEMENTS TO ENABLE DIRECTORS TO ACQUIRE SHARES OR DEBENTURES

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

4 DIRECTORS' INTERESTS IN SHARES OR DEBENTURES

According to the register of directors' shareholdings kept by the Company under Section 164 of the Singapore Companies Act 1967, the directors of the Company who held office at the end of the financial year had no interests in the shares or debentures of the Company and its related corporations except as stated below:

| | <u>At the beginning of financial year</u> | <u>At the end of financial year</u> |
|--|---|---|
| | Ordinary shares | |
| <u>Ultimate holding company, Pidilite Industries Limited</u> | | |
| Sanjay Bahadur | 16,220 | 21,700 |

DIRECTORS' STATEMENT
For the financial year ended 31 March 2026

5 SHARE OPTIONS

There were no share options granted during the financial year to subscribe for unissued shares of the Company.

There were no shares issued during the financial year by virtue of the exercise of options to take up unissued shares of the Company.

There were no unissued shares of the Company under option at the end of the financial year.

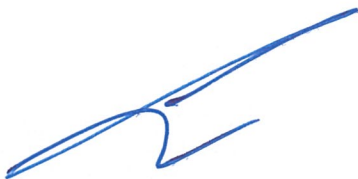

6 AUDITOR

Kreston Helmi Talib PAC has expressed its willingness to accept appointment as auditor.

On behalf of the Board of Directors

DIEN PANDIMAN
Director

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBER OF PIDILITE INNOVATION CENTRE PTE. LTD.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Pidilite Innovation Centre Pte. Ltd. (the "Company"), which comprise the statement of financial position as at 31 March 2026, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the financial year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Financial Reporting Standards in Singapore ("FRSs") so as to give a true and fair view of the financial position of the Company as at 31 March 2026 and of the financial performance, changes in equity and cash flows of the Company for the financial year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Matter

The financial statements of the Company for the financial year ended 31 March 2025 were audited by another firm of auditors who expressed an unmodified opinion on those statements dated 2 May 2025.

Other Information

Management is responsible for the other information. The other information comprises the Directors' Statement set out on pages 1 to 2.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Kreston Helmi Talib PAC

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Kreston Helmi Talib PAC

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

We also: (Continued)

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

The accompanying notes form an integral part of these financial statements

PIDILITE INNOVATION CENTRE PTE. LTD.

Company Registration No.: 200619063N

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2026

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1 CORPORATE INFORMATION

Pidilite Innovation Centre Pte. Ltd. (the “Company”) is domiciled and incorporated in Singapore on 20 December 2006 with its registered office at 61 Science Park Road, #03-11/12 The Galen, Singapore 117525.

The principal activities of the Company are those of research and development on chemicals including manufacturing and trading of waterproofing and emulsion paints. There have been no significant changes in the nature of these activities during the financial year.

The Company’s immediate and ultimate holding companies are Pidilite International Pte. Ltd. and Pidilite Industries Limited, companies incorporated in Singapore and India, respectively.

The financial statements of the Company for the financial year ended 31 March 2026 were authorised for issue in accordance with a resolution by the directors as at the date of the Directors’ Statement.

2 MATERIAL ACCOUNTING POLICY INFORMATION

2.1 Basis of preparation

The financial statements of the Company have been drawn up in accordance with Financial Reporting Standards in Singapore (“FRSs”). The financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in Singapore Dollar (“SGD” or “\$”), which is the Company’s functional currency.

The financial statements of the Company have been prepared on the basis that it will continue to operate as a going concern.

2.2 Adoption of new and amended standards and interpretations

The accounting policies adopted are consistent with those of the previous financial year except that in the current financial year, the Company has adopted all the new and amended standards which are relevant to the Company and are effective for annual financial period beginning on 1 April 2025. The adoption of these standards did not have any material effect on the financial statements of the Company.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2026

2 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

2.3 Standards issued but not yet effective

A number of new standards and amendments to standard that have been issued are not yet effective and have not been applied in preparing these financial statements.

The directors expect that the adoption of these new and amended standards will have no material impact on the financial statements in the year of initial application.

| | <u>Description</u> | Effective for annual periods beginning on or after |
|-----------------------------------|---|---|
| Amendments to FRS 109 and FRS 107 | : Financial Instruments and Financial Instruments: Disclosures: Amendments to the Classification and Measurement of Financial Instruments | 1 January 2026 |
| Various | : Annual Improvement to FRSs Volume 11 | 1 January 2026 |
| FRS 118 | : Presentation and Disclosure in Financial Statements | 1 January 2027 |

2.4 Foreign currency transactions and balances

Transactions in foreign currencies are measured in the functional currency of the Company and are recorded on initial recognition in the functional currency at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the reporting date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at dates of the initial transactions.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss.

2.5 Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses, if any. The cost of property, plant and equipment includes its purchase price and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Dismantlement, removal or restoration costs are included as part of the cost of property, plant and equipment if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the property, plant and equipment.

PIDILITE INNOVATION CENTRE PTE. LTD.

Company Registration No.: 200619063N

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2026

2 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

2.5 Property, plant and equipment (Continued)

Depreciation is calculated using the straight-line method to allocate depreciable amounts over their estimated useful lives. The estimated useful lives are as follows:

| | <u>Years</u> |
|-------------------------|--------------|
| Laboratory equipment | 5 |
| Computers | 3 |
| Furniture and fixtures | 5 |
| Manufacturing equipment | 5 |
| Office equipment | 5 |
| Motor vehicles | 5 |
| Renovation | 5 |

Included in property, plant and equipment are right-of-use assets for the factory and office premises which are depreciated using the straight-line method over the shorter of lease terms and useful lives. The lease terms and the estimated lives of the factory and office premises are 2 and 99 years, and 3 and 99 years, respectively.

The residual value, useful lives and depreciation method are reviewed at the end of each reporting period, and adjusted prospectively, if appropriate.

Fully depreciated property, plant and equipment are retained in the financial statements until they are no longer in use and no further charge for depreciation is made in respect to those property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of the asset is included in profit or loss in the year the asset is derecognised.

2.6 Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, (or, where applicable, when an annual impairment testing for an asset is required), the Company makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2026

2 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

2.6 Impairment of non-financial assets (Continued)

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss.

2.7 Cash and cash equivalents

Cash and cash equivalents comprise of fixed deposits, cash at bank and cash on hand which are subject to an insignificant risk of changes in value.

2.8 Inventories

Inventories are stated at the lower of cost and net realisable value. Costs incurred in bringing the inventories to their present location and conditions are accounted for as follows:

- Raw materials, trading finished goods and packaging materials – Purchase costs on a moving average method; and
- Manufactured finished goods – Raw materials costs are assigned on a moving average method.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale.

When necessary, allowance is provided for damaged, obsolete and slow moving items to adjust the carrying value of inventories to the lower of cost and net realisable value.

2.9 Financial instruments

(a) Financial assets

Initial recognition and measurement

Financial assets are recognised when, and only when the entity becomes party to the contractual provisions of the instruments.

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss ("FVPL"), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss.

Trade receivables are measured at the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party, if the trade receivables do not contain a significant financing component at initial recognition.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 March 2026

2 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

2.9 Financial instruments (Continued)

(a) Financial assets (Continued)

Subsequent measurement

Amortised cost

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the contractual cash flow characteristics of the asset. The three measurement categories for classification of debt instruments are amortised cost, fair value through other comprehensive income and FVPL. The Company only has debt instruments at amortised cost.

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the assets are derecognised or impaired, and through the amortisation process.

Derecognition

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income for debt instruments is recognised in profit or loss.

(b) Financial liabilities

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value, plus, in the case of financial liabilities not at FVPL, directly attributable transaction costs.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at FVPL are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2026

2 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

2.9 Financial instruments (Continued)

(b) Financial liabilities (Continued)

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. On derecognition, the difference between the carrying amounts and the consideration paid is recognised in profit or loss.

2.10 Impairment of financial assets

The Company recognises an allowance for expected credit losses (“ECLs”) for all debt instruments not held at FVPL. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

For trade receivables, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment which could affect debtors’ ability to pay.

The Company considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

2.11 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2026

2 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

2.11 Provisions (Continued)

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed.

2.12 Share capital

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

2.13 Government grants

Government grants are recognised when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with.

2.14 Employee benefits

(a) Defined contribution plans

The Company makes contributions to the Central Provident Fund ("CPF") scheme in Singapore, a defined contribution pension scheme. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

(b) Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably.

2.15 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities representing the obligations to make lease payments and right-of-use assets representing the right to use the underlying leased assets.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2026

2 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

2.15 Leases (Continued)

As lessee (Continued)

Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. The accounting policy for impairment is disclosed in Note 2.6 to the financial statements.

The Company's right-of-use assets are presented within property, plant and equipment and disclosed in Note 16 to the financial statements.

Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g. changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Company's lease liabilities are disclosed in Note 18(b) to the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2026

2 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

2.16 Revenue

Revenue is measured based on the consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Company satisfies a performance obligation by transferring promised goods or services to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

(a) Research and development fees

Research and development fees are recognised when the services have been performed, rendered and mutually accepted by the parties as per related terms and conditions.

(b) Sale of goods

Revenue is recognised when the goods are delivered to the customer and all criteria for acceptance have been satisfied.

The amount of revenue recognised is based on the estimated transaction price, which comprises the contractual price, net of the estimated volume discounts and adjusted for expected returns.

(c) Shared service income

Shared service income is recognised at a point in time when the services have been rendered.

Revenue is measured based on a percentage of costs allocated in accordance with the Shared Services Agreement.

(c) Interest income

Interest income is recognised using the effective interest method.

--- intentionally left blank ---

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2026

2 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

2.17 Taxes

(a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authority. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate

(b) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current income tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(c) Goods and Services Tax ("GST")

Revenues, expenses and assets are recognised net of the amount of GST except:

- Where the GST incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2026

2 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

2.18 Related party

A related party is defined as follows:

- (a) A person or a close member of that person's family is related to the Company if that person:
 - (i) has control or joint control over the Company;
 - (ii) has significant influence over the Company; or
 - (iii) is a member of the key management personnel of the Company or of a parent of the Company.

- (b) An entity is related to the Company if any of the following conditions applies:
 - (i) the entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others);
 - (ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member);
 - (iii) both entities are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third entity and other entity is an associate of the third entity;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company. If the Company is itself such a plan, the sponsoring employers are also related to the Company;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a);
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); or
 - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Company.

Key management personnel

Key management personnel are those persons having the authority and responsibility for planning, directing and controlling the activities of the Company, directly or indirectly, including any director (whether executive or otherwise) of that Company.

--- intentionally left blank ---

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2026

3 SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of each reporting period. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

3.1 Judgements made in applying accounting policies

(a) Income taxes

Significant judgement is required in determining the capital allowances and deductibility of certain expenses during the estimation of the provision for income taxes. There are certain transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Company recognises liabilities for anticipated tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred income tax provisions in the period in which such determination is made.

3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period are discussed below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(a) Provision for expected losses of trade receivables

The Company uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns.

The provision matrix is initially based on the Company's historical observed default rates. The Company will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. At every reporting date, historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs and the carrying amounts of the Company's trade receivables are disclosed in Notes 14 and 21 to the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2026

3 SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

3.2 Key sources of estimation uncertainty (Continued)

(b) Useful lives of property, plant and equipment

The useful life of an item of property, plant and equipment is estimated at the time the asset is acquired and is based on historical experience with similar assets and takes into account anticipated technological or other changes. If changes occur more rapidly than anticipated or the asset experiences unexpected level of wear and tear, the useful life will be adjusted accordingly. The carrying amounts of the Company's property, plant and equipment are disclosed in Note 16 to the financial statements.

(c) Inventory valuation method

Inventory write-down is made based on the current market conditions, historical experience and selling goods of similar nature. It could change significantly as a result of changes in market conditions. A review is made periodically on inventories for excess inventories, obsolescence and declines in net realisable value and an allowance is recorded against the inventory balances for any such declines. The realisable value represents the best estimate of the recoverable amount and is based on the most reliable evidence available and inherently involves estimates regarding the future expected realisable value. The carrying amounts of the Company's inventories are disclosed in Note 15 to the financial statements.

(d) Leases – estimating the incremental borrowing rate

The Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate to measure lease liabilities. The incremental borrowing rate is the rate of interest that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment. The incremental borrowing rate therefore reflects what the Company 'would have to pay', which requires estimation when no observable rates are available or when they need to be adjusted to reflect the terms and conditions of the lease. The Company estimates the incremental borrowing rate using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2026

11 INCOME TAX

(a) Major components of income tax expense

The major components of income tax expense for the financial years ended 31 March 2026 and 2025 are:

| | <u>2026</u> | <u>2025</u> |
|---|---------------|---------------|
| | \$ | \$ |
| Current income tax | | |
| - Current year provision | 13,937 | 21,886 |
| - Under-provision in prior year | - | 6,196 |
| Income tax expense recognised in profit or loss | <u>13,937</u> | <u>28,082</u> |

(b) Relationship between income tax expense and accounting profit

A relationship between income tax expense and the product of accounting profit multiplied by the applicable corporate tax rate for the financial years ended 31 March 2026 and 2025 is as follows:

| | <u>2026</u> | <u>2025</u> |
|---|----------------|----------------|
| | \$ | \$ |
| Profit before income tax | <u>450,362</u> | <u>520,991</u> |
| Tax calculated at a tax rate of 17% | 76,562 | 88,568 |
| Utilisation of deferred tax assets not previously recognised and capital allowances | (59,232) | (58,561) |
| Singapore statutory stepped income exemption and tax rebates | (14,787) | (17,425) |
| Deferred tax assets not recognised | 8,655 | 6,132 |
| Expenses not deductible for tax purposes | 3,079 | 3,512 |
| Income not taxable for tax purposes | (340) | (340) |
| Under-provision in prior year | - | 6,196 |
| Income tax expense recognised in profit or loss | <u>13,937</u> | <u>28,082</u> |

(c) Movement in income tax payable

| | <u>2026</u> | <u>2025</u> |

Trade receivables

Trade receivables, including amounts due from ultimate and immediate holding companies, are recognised at their original invoiced amounts which represent their fair values on initial recognition. Trade receivables are unsecured, non-interest bearing and are settled as per terms mutually agreed between the parties which are generally 30 – 60 days term.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 March 2026

14 TRADE AND OTHER RECEIVABLES (Continued)

Expected credit losses

Movement in the allowance for ECLs of trade receivables as at 31 March 2026 and 2025 are as follows:

| | <u>2026</u> | <u>2025</u> |
|------------------------------------|-------------|--------------|
| | \$ | \$ |
| At the beginning of financial year | 7,261 | 7,261 |
| Write-off | (7,261) | - |
| At the end of financial year | <u>-</u> | <u>7,261</u> |

The ageing of trade receivables as at 31 March 2026 and 2025 are disclosed in Note 21 to the financial statements.

Trade and other receivables are denominated in Singapore Dollar.

15 INVENTORIES

(a) Statement of financial position

| | <u>2026</u> | <u>2025</u> |
|--|----------------|----------------|
| | \$ | \$ |
| Raw materials | 214,358 | 202,514 |
| Finished goods | 98,376 | 194,136 |
| Packaging materials | 9,259 | 11,083 |
| | <u>321,993</u> | <u>407,733</u> |
| Less: Allowance for stock obsolescence | (46,150) | (45,976) |

| Write-off | (1,414) | (713) |
| At the end of financial year | <u>46,150</u> | <u>45,976</u> |

(c) Statement of profit or loss and other comprehensive income

Inventories amounting to \$509,994 (2025: \$765,970) were recognised as an expense in purchases consumed and related costs and changes in inventories of finished goods in the statement of profit or loss and other comprehensive income (see Note 7).

NOTES TO THE FINANCIAL STATEMENTS

21 FINANCIAL RISK MANAGEMENT

The Company is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include credit risk, liquidity risk and market risk (including foreign currency risk).

The Board of Directors review and agree policies and procedures for the management of these risks, which are executed by the management team. It is and has been throughout the current and previous financial year, the Company's policy that no trading in derivatives for speculative purposes shall be undertaken.

The following sections provide details regarding the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

There has been no change to the Company's exposure to these financial risks or the manner in which it manages and measures the risks.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2026

21 FINANCIAL RISK MANAGEMENT (Continued)

Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in a loss to the Company. The Company's exposure to credit risk arises primarily from trade and other receivables (excluding prepayments). For cash and cash equivalents and fixed deposits, the Company minimises credit risk by dealing exclusively with high credit rating counterparties.

The Company has adopted a policy of only dealing with creditworthy counterparties. The Company performs ongoing credit evaluation of its counterparties' financial condition and generally do not require a collateral.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

The Company has determined the default event on a financial asset to be when internal and/or external information indicates that the financial asset is unlikely to be received, which could include default of contractual payments due for more than 90 days or there is significant difficulty of the counterparty.

To minimise credit risk, the Company has developed and maintained the Company's credit risk gradings to categorise exposures according to their degree of risk of default. The credit rating information is supplied by publicly available financial information and the Company's own trading records to rate its major customers and other debtors. The Company considers available reasonable and supportive forward-looking information which includes the following indicators:

- Internal credit rating;
- External credit rating;
- Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the debtor's ability to meet its obligations;
- Actual or expected significant changes in the operating results of the debtor;
- Significant increases in credit risk on other financial instruments of the same debtor;
or
- Significant changes in the expected performance and behavior of the debtor, including changes in the payment status of debtors in the group and changes in the operating results of the debtor.

Regardless of the analysis above, a significant increase in credit risk is presumed if a debtor is more than 30 days past due in making contractual payment.

NOTES TO THE FINANCIAL STATEMENTS
 For the financial year ended 31 March 2026

21 FINANCIAL RISK MANAGEMENT (Continued)

Credit risk (Continued)

The Company determined that its financial assets are credit-impaired when:

- There is significant difficulty of the debtor;
- A breach of contract, such as a default or past due event;
- It is becoming probable that the debtor will enter bankruptcy or other financial reorganisation; or
- There is a disappearance of an active market for that financial asset because of financial difficulty.

The Company categorises receivable for potential write-off when a debtor fails to make contractual payments more than 120 days past due. Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where financial assets have been written off, the Company continues to engage enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

The Company's current credit risk grading framework comprises the following categories:

| Category | Definition of category | Basis for recording expected credit loss ("ECL") |
|-----------------|--|---|
| I | Counterparty has a low risk of default and does not have any past-due amounts. | 12-month ECL |
| II | Amount is >30 days past due or there has been a significant increase in credit risk since initial recognition. | Lifetime ECL – not credit-impaired |
| III | Amount is >60 days past due or there is evidence indicating the asset is credit-impaired (in default). | Lifetime ECL – credit-impaired |
| IV | There is evidence indicating that the debtor is in severe financial difficulty and the debtor has no realistic prospect of recovery. | Amount is written-off |

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 March 2026

21 FINANCIAL RISK MANAGEMENT (Continued)

Credit risk (Continued)

The table below details the credit quality of the Company's receivables, as well as maximum exposure to credit risk by credit risk rating categories:

| | 2026 | | | | | <u>Total</u> |
|--------------------------|----------------|-------------------------|-------------------------------------|-------------------------------------|-------------------------------------|--------------|
| | <u>Current</u> | Less than 30 days | More than 30 days past due | More than 60 days past due | More than 90 days past due | |
| | \$ | \$ | \$ | \$ | \$ | \$ |
| Gross carrying amount | 257,518 | 64,349 | 9,864 | - | - | 331,731 |
| Less: Allowance for ECLs | - | - | - | - | - | - |
| | 2025 | | | | | |
| | <u>Current</u> | Less than 30 days | More than 30 days past due | More than 60 days past due | More than 90 days past due | <u>Total</u> |
| | \$ | \$ | \$ | \$ | \$ | \$ |
| Gross carrying amount | 342,407 | 48,587 | 1,748 | 874 | 7,261 | 400,877 |
| Less: Allowance for ECLs | - | - | - | - | (7,261) | (7,261) |

Other receivables

The Company's other receivables (excluding prepayments) comprise mainly of deposits. These other receivables are considered to be low credit risk as these have low risk of default and the counterparties have a strong capacity to meet its contractual cash flow obligation if demanded in the near term. Accordingly, the Company measured the impairment loss allowance using 12-month ECL and determined that the ECL is insignificant.

Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 March 2026

21 FINANCIAL RISK MANAGEMENT (Continued)

Credit risk (Continued)

Exposure to credit risk

The Company has no significant concentration of credit risk other than those balances with related companies comprising 57% (2025: 62%) of trade receivables. The Company has credit policies and procedures in place to minimise and mitigate its credit risk exposure.

Liquidity risk

Liquidity risk refers to the risk that the Company will encounter difficulties in meeting its short-term obligations due to shortage of funds. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. It is managed by matching the payment and receipt cycles.

Liquidity risk for the Company is minimal as the Company is able to meet its funding requirements through its operations to meet its liabilities as and when they fall due.

Analysis of financial instruments by remaining contractual maturities

The table below summarises the maturity profile of the Company's financial assets and liabilities at the reporting date based on contractual undiscounted repayment obligations.

| | 2026 | | | |

Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates will affect the Company's income. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return on risk.

Foreign currency risk

The Company's foreign exchange risk results mainly from cash flows from transactions denominated in foreign currencies. At present, the Company does not have any formal policy for hedging against currency risk. The absence of a policy is due to the insignificance of the foreign currency exposure.

The Company has transactional currency exposures arising from sales or purchases that are denominated in a currency other than the functional currency of the Company, primarily United States Dollar and Thai Baht.

Sensitivity analysis on foreign currency risk

As at the end of the reporting period, the Company's foreign currency exposure is not significant. Accordingly, no sensitivity analysis is presented.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 March 2026

22 FAIR VALUE OF ASSETS AND LIABILITIES

The fair value of a financial instrument is the amount at which the instrument could be exchanged or settled between knowledgeable and willing parties in an arm's length transaction.

(a) Fair value hierarchy

The Company categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

Level 1 – Quoted prices (unadjusted) in active market for identical assets or liabilities that the Company can access at the measurement date,

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and

Level 3 – Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

(b) Assets and liabilities not measured at fair value

The following methods and assumptions are used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value.

Cash and cash equivalents, other receivables and other payables

The carrying amounts of these balances approximate their fair values due to the short-term nature of these balances.

Trade receivables and trade payables

The carrying amounts of these receivables and payables approximate their fair values as they are subject to normal trade credit terms.

Fixed deposits

The carrying amount of fixed deposits approximates its fair value as it is subject to interest rates close to market rate of interests for similar arrangements with financial institutions.

Lease liabilities

The carrying amounts of lease liabilities approximate their fair value at the end of the reporting period as this obligation is computed at prevailing market interest rate and estimated using a present valuation technique.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 March 2026

22 FAIR VALUE OF ASSETS AND LIABILITIES (Continued)

(b) Assets and liabilities not measured at fair value (Continued)

Other receivable – non-current

The effect of potential future (undiscounted) cash inflows to be received has not been included in the deposits as it is not significant.

There have been no transfers between Level 1 and 2 during the financial years ended 31 March 2026 and 2025.

The Company has no fair value measurement recognised in the statement of financial position as at 31 March 2026 and 2025.

23 FINANCIAL INSTRUMENTS BY CATEGORY

At the reporting date, the aggregate carrying amounts of financial assets and financial liabilities carried at amortised cost were disclosed in Notes 14 and 17 to the financial statements, respectively.

24 CAPITAL MANAGEMENT

The primary objective of the Company's capital management is to ensure that it maintains a strong credit rating and net current asset position in order to support its business and maximise shareholder value. The capital structure of the Company comprises issued share capital and retained earnings.

The Company manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

The Company is not subject to any externally imposed capital requirements. No changes were made to the objectives, policies or processes during the financial years ended 31 March 2026 and 2025.

25 RECLASSIFICATION

A certain reclassification was made to the prior year's financial statements to enhance the comparability with the current year's presentation.

| | <u>2025</u> | |
|---|-------------------------------|------------------------|
| | <u>As previously reported</u> | <u>As reclassified</u> |
| | \$ | \$ |
| <u>Statement of Comprehensive Income</u> | | |
| Employee benefits expense | 1,229,505 | 1,219,505 |
| Other expenses | <u>155,137</u> | <u>165,137</u> |
